

AKHILESH KUMAR MISHRA

Java Full Stack Developer

☎ +91 88580 45785 | ✉ makhileshkumar1@gmail.com | 🔗 linkedin.com/in/akhilesh-kumar-mishra | 📄 github.com/GitHub-akhilesh

PROFILE

Software Development Engineer specializing in Java Full Stack development, with a track record of building secure, scalable enterprise FinTech and tracking platforms. Expert in Java, Spring Boot, Spring Security, Hibernate, Microservices, and database design using MySQL/PostgreSQL. Proven experience in re-architecting monoliths to high-performance microservices, designing transactional ledger platforms, and securing enterprise APIs with JWT/RBAC. Optimizes system latency and reduces failure rates through caching and containerized deployments.

CORE TECHNOLOGY

Backend: Java, Spring Boot, Microservices, Spring MVC, Spring Data JPA, Hibernate, Spring Cloud
Frontend & APIs: React.js, JavaScript, HTML5, CSS3, RESTful APIs, JWT Security, RBAC
Data & Messaging: MySQL, PostgreSQL, Redis cache, Apache Kafka, database transactions, query optimization
Tools & Cloud: Git, GitHub, Docker, Postman, Maven, Gradle, Spring Boot Actuator, Prometheus, Grafana

EXPERIENCE

Software Development Engineer — CSC e-Governance Services India Ltd. (MeitY, Government of India)

Ministry of Electronics & Information Technology, Govt. of India

12/2023 – PRESENT | New Delhi, India

- Re-architected monolithic e-governance systems into scalable **Java** and **Spring Boot** microservices, improving service reliability and deployment speed for **2 million+ active users**.
- Designed and scaled transaction orchestration services for AEPS, MATM, and VATM platforms using **Spring Boot**, handling **500,000+ daily transactions**.
- Secured enterprise APIs using **Spring Security** with **JWT Authentication** and Role-Based Access Control (**RBAC**), reducing unauthorized entry rates to 0% and implementing device binding.
- Engineered high-performance wallet and ledger systems using **Spring Data JPA** and **Hibernate**, processing over **₹10 billion (INR 10B)** in daily transactions.
- Optimized database transactions and search queries in **MySQL** and **PostgreSQL** using indexing and cache tuning to reduce read/write latency by 45%.
- Established event-driven communication between microservices using **Apache Kafka**, enhancing asynchronous data processing speed by 35%.

Freelance Software Engineer — Workforce Telemetry & Operations

Real-Time Telemetry & Geofencing Platform

06/2023 – 11/2023 | Remote, India

- Designed and developed a real-time workforce tracking application utilizing **Java**, **Spring Boot**, and **React.js**, serving **1,000+ active field agents**.
- Built a responsive map-based dashboard in **React.js** using **Ant Design**, reducing dashboard latency by 30% and updating via WebSockets.
- Implemented a secure backend API in Spring Boot using **Spring Security** and **JWT** to protect access to operations data for 100+ clients.

SELECTED PROJECTS

Java Authentication & Secure Login Portal

Java / Spring Boot / Spring Security / JWT / Hibernate / MySQL

Architected a secure backend service featuring user registration, password hashing, JWT token generation, and secure routes mapping.

Himalayan Edges Website Development

Java / Spring Boot / React.js / MySQL / AWS / PWA

Designed and launched an e-commerce platform using Spring Boot and React.js with PWA capabilities, hosted on AWS, boosting speed and usage by 30%.

Facial Recognition Attendance Dashboard

Java / Spring Boot / Python / OpenCV / MySQL / React.js

Designed a student attendance system by linking a Python face detection script (OpenCV) with a Spring Boot enterprise database backend.

Traveling Portal & Landing Page

HTML5 / CSS3 / JavaScript / Bootstrap

A fully responsive, modern front-end landing page for a travel agency built with HTML, CSS, and Bootstrap layouts.

EDUCATION

Bachelor of Technology (B.Tech.) | Kanpur Institute of Technology, Kanpur, UP

2019 - 2023

CERTIFICATIONS

Advanced MERN Stack Developer Certification
Database Systems & SQL Certification
Data Structures & Algorithms Certification
IIT Kanpur Cyber Security Certification

ACHIEVEMENTS

- Graduated with First Class Honors, maintaining top academic rank.
- Earned a 4-Star Gold Badge in SQL on HackerRank.
