

AKHILESH KUMAR MISHRA

SOFTWARE DEVELOPMENT ENGINEER (MERN STACK)

+91 88580 45785 | makhileshkumar1@gmail.com | linkedin.com/in/akhilesh-kumar-mishra | github.com/GitHub-akhilesh

PROFILE

Software Development Engineer specializing in the MERN Stack, with a track record of building secure, high-scale FinTech and transaction tracking platforms. Expert in React.js, Next.js, Redux Toolkit, Node.js, Express.js, and MongoDB. Proven experience in optimizing database queries, building real-time dashboards via WebSockets, and migrating monoliths to high-performance Node microservices. Reduced transaction failure rates and biometric login latency by implementing robust authentication and asynchronous processing pipelines.

CORE TECHNOLOGY

Frontend: React.js, Next.js, Redux Toolkit, ES6+, TypeScript, HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap

Backend & APIs: Node.js, Express.js, RESTful APIs, JWT Authentication, RBAC, WebSockets, API versioning

Data & Messaging: MongoDB, Mongoose, Redis cache, database schema design, indexing, query optimization

Tools & Cloud: Git, GitHub, Docker, Postman, CI/CD pipelines, GitHub Actions, AWS S3

EXPERIENCE

Software Development Engineer | CSC e-Governance Services India Ltd. (MeitY, Government of India)

Ministry of Electronics & Information Technology, Govt. of India

12/2023 – PRESENT | New Delhi, India

- Re-architected monolithic web portals into scalable **Node.js** and **Express.js** microservices, improving deployment speeds and fault isolation for **2 million+ active users**.
- Built real-time location tracking and transaction monitoring dashboards using **React.js**, **Redux Toolkit**, and **WebSockets**, tracking **500,000+ daily transactions**.
- Integrated third-party UPI and XML payment APIs using Node.js REST controllers, achieving **~80% transaction success rates** for AEPS and MATM services under peak loads.
- Implemented secure authentication mechanisms using **Redis** and **JWT**, incorporating device binding and OTP security, reducing unauthorized access attempts by 99.9%.
- Tuned **MongoDB** database schemas using indexing, sharding, and Mongoose query optimizations, resulting in a **40% reduction** in database response times and query latency.
- Established automated CI/CD deployment pipelines using **Docker**, **Git**, and **GitHub Actions**, streamlining container deployments.

Freelance Software Engineer | Workforce Telemetry & Operations

Real-Time Telemetry & Geofencing Platform

06/2023 – 11/2023 | Remote, India

- Designed and developed a real-time workforce tracking application utilizing **React.js**, **Node.js**, **Express.js**, and **MongoDB**, serving **1,000+ active field agents**.
- Developed an interactive map tracking interface using **React.js** and **Ant Design**, reducing UI load times by 30% and updating status via WebSockets.
- Managed frontend state and query caching using **Redux Toolkit** and **React Query**, reducing redundant API calls by **45%**.

SELECTED PROJECTS

MERN FinTech & E-commerce Platform

React.js / Node.js / Express.js / MongoDB / JWT / Redux

A collection of full-stack web applications featuring secure user authentication, interactive dashboards, and REST APIs built with React, Node, Express, and MongoDB.

Himalayan Edges Website Development

React.js / Node.js / Express.js / MongoDB / PWA / AWS S3

Created and launched an e-commerce platform using the MERN stack with PWA features, hosted on AWS, increasing page load speeds and client usage by 30%.

Facial Recognition Attendance Dashboard

React.js / Node.js / Express.js / Python / OpenCV / MySQL

Created an automated student attendance tracking system integrating a Python face recognition script (OpenCV and LBPH) with a Node.js/Express backend API and a React dashboard.

Traveling Portal & Landing Page

HTML5 / CSS3 / JavaScript / Bootstrap

A fully responsive, modern front-end landing page for a travel agency built with HTML, CSS, and Bootstrap layouts, featuring interactive itineraries.

EDUCATION

Bachelor of Technology (B.Tech.) | Kanpur Institute of Technology, Kanpur, UP

2019 – 2023
